"At a time like this, our thoughts continue to be with the people of Israel.

We are closely monitoring the action on ground which is concentrated in South Israel, whereas Haifa port is situated in the North. We have taken measures to ensure safety of our employees and all of them are safe. We remain fully alert and prepared with a business continuity plan that will enable us to respond effectively to any eventuality.

The overall contribution of Haifa in APSEZ's numbers is relatively small at 3% of the total cargo volume. For the current financial year (Apr 23-Mar 24), we have guided for Haifa Cargo volumes range of 10-12 MMT and APSEZ's total cargo volume guidance of 370-390 MMT. In the initial six months (Apr-Sep 23), APSEZ's total cargo volume was ~203 MMT, of which the Haifa share is ~6 MMT. We stay confident of APSEZs business performance."
